

Please help to support the David Hall by joining the 200 Club for 2021-22

In almost 20 years of operation the 200 Club has raised over £25,000 to maintain and improve the David Hall, but in these especially difficult times we certainly need every bit of help we can get. Please support us.

Of the £26 subscription, over the year half of the proceeds comes back to members as prizes and the other half goes to the Petherton Arts Trust, the owners of the David Hall. ALL proceeds go to the charity, with no administration charges except postage. The monthly draw has usually been made at one of the film shows or gigs, but in recent months in order to obtain random numbers we have been using the website numbergenerator.org. However it is done, prizewinners will receive payment shortly afterwards. The winning numbers and names will be posted monthly on the notice board in the Hall entrance and on the website, www.thedavidhall.org.uk.

There are several easy ways (with no admin charge) to secure one of the lucky numbers:

1. Perhaps the easiest method for you and the admin team is to go to the **Hall website as above**, then click on '**Helping Hand**' and scroll down to **4. The 200 Club** and pay.
2. Another popular method is to pay online by **BACS. Sort Code: 60-19-37. Account number: 68411464. Reference: 200+ your surname.**
3. You can **return the form** below in the near future to the David Hall or to me with your **cheque for £26 payable to Petherton Arts Trust.**
4. **Standing Order:** if you bank online you may be able to set this up yourself, using the details above, or contact us for details.

Whichever payment method suits you best, please act promptly. If you do not ask for a particular number or if your number has already been allocated, your number will be in order of application. If you want more than one number, please adjust the payment amount. All applications will be acknowledged.

(Please also support us by using www.easyfundraising.org.uk and/or Amazon Smile for online shopping – it's easy and safe, and potentially very valuable to PAT).
